Utilities run dry

Droughts and a fall in hydroelectric production have put water supplies at risk across Europe and could exacerbate the energy crisis. In the UK, it's highlighted the need to improve strategic water infrastructure, say HSBC analysts, with more than GBP20bn of investment required over the next 30 years.

China COVID-19 tracker

HSBC's Jing Liu looks at the latest data from mainland China in a week that saw daily new local infections pick up, leading to more restrictions and lockdowns. With more pressure on housing sales and consumer spending, can we expect more policy easing?

Europe macro tracker

Gas and electricity prices have risen further, while drought is reducing hydroelectric and nuclear generation, restricting river freight traffic and potentially affecting crop yields. HSBC's Simon Wells looks at the broader economic implications of Europe's 'heatflation'.
