China green investment

Green investment is set to take off in China, say HSBC's Jing Liu and Qu Hongbin, as Beijing looks to stabilise the economy and drive growth.

Energy & Climate Watch

The push for 'net zero' has thrown nuclear a lifeline. Renewed interest may be warranted but, say HSBC analysts, with important caveats.

Have supply constraints peaked?

2022 started on a slower note as the global composite PMI slipped from 54.3 to 51.4 in January. However, input price indices look to have peaked and, say HSBC's Maitreyi Das and James Pomeroy, we see signs of supply constraints easing.

Europe COVID-19 tracker

New COVID-19 cases are stable or falling across many of Europe's large economies. However, consumer and business confidence is being weighed down by eurozone inflation hitting a new high in January, says HSBC's Simon Wells.
