Is this a soft landing?

It is likely too early to tell, but as central banks near the end of their tightening cycles, the chances look brighter than a few months' back, say HSBC's Harriet Smith and James Pomeroy.

A turning point

HSBC's James Pomeroy and Harriet Smith assess the latest Global PMI data. They show an upturn from the start of the year, with China's reopening and lower European gas prices key.

New Zealand in 2023

New Zealand's high inflation remains the main economic challenge for 2023 but services and the supply-side may continue to benefit from the re-opened international border, says HSBC's Paul Bloxham.

The Macro Viewpoint

America's rolling recession, a UK outlook, and an Alpine ski lesson

In this edition, Janet Henry looks at the US economic slowdown, China and global trade. Dominic Bunning sees strength in the British currency, and Amy Tyler probes what the rocky start to the ski season tells us about climate change.
