

# HSBC Global Research mobile app

## Fast, curated content on the go

You asked, we delivered. We've released some great new features on the HSBC Global Research app, to improve the overall user experience and deliver our award-winning research faster than ever. New features include:

- ◆ Updated video handling, with better playback controls
- ◆ Improved audio playback
- ◆ Enhanced notifications that go direct to reports
- ◆ Smoother navigation
- ◆ Better PDF rendering

This is just the start. We have completely redeveloped the app on a new software framework and plan to make more improvements.
